ORDERBOOK
Fall/Winter 2015-2016

GORE
RUNNING WEAR®

Our aim is to make the best apparel for runners, winning awards is just a bonus.

It's great that our work is getting a lot of recognition worldwide. It means that we aren't alone in thinking that running apparel should be comfortable in any weather. But the awards are not the reason we get up in the morning. Being runners ourselves we believe that intelligent functions and contemporary design add to the enjoyment of the sport. So we test excessively, obsess about details, go home late at night and the next day we do it all over again. It's the only way we know how. Even though it's hard work we never look back, we continue to explore, research and listen to feedback. Because our only goal is to make apparel we would want to wear ourselves. And we are very hard to please.

Wir sind stolz darauf, dass die weltweite Anerkennung für unsere Arbeit groß ist. Denn es bedeutet, dass unsere Anstrengungen Laufbekleidung so funktionell und komfortabel wie möglich zu machen, von vielen Läufern geschätzt werden. Aber es sind nicht die Auszeichnungen, die uns jeden Morgen antreiben. Wir sind selbst passionierte Läufer und überzeugt, dass die Freude am Laufen durch intelligente Funktion und aktuelles Design immer wieder gesteigert werden kann. Wir testen unermüdlich, sind besessen von den kleinsten Details, wir gehen abends spät nach Hause und machen am nächsten Morgen voller Elan weiter. Nur so kennen wir es. Auch wenn es höchsten Einsatz bedeutet, forschen und suchen wir immer weiter nach der perfekten Lösung und hören uns dazu jedes Feedback an. Warum? Ganz einfach, weil wir Bekleidung entwickeln wollen, die wir selbst gerne tragen. Und wir selbst sind besonders anspruchsvoll.

GORE RUNNING WEAR® Outfit Systems – a natural step along the line of our philosophy.

For us innovation always starts with the needs of a sportsman. It began back in 1976 with a couple of inventive engineers and sports enthusiasts within our company. They developed the GORE-TEX® laminate, the first waterproof, breathable fabric in the world.

And then in 1997 we were also the first to realize the benefits of using GORE materials to enhance the runner's performance. So we developed a small collection and launched GORE RUNNING WEAR®. This inquisitive culture and passion for runners and their needs fostered our Head-To-Toe and Skin-To-Shell thinking and dedication to weather protection and temperature management. In that sense the GORE RUNNING WEAR® Outfit Systems is a natural extension of our heritage. On the next pages you can read more on how our Outfit Systems idea and performance adds up to be greater than the sum of its parts.

Für uns beginnt Innovation immer mit dem konkreten Bedarf eines Sportlers. Alles begann im Jahr 1976 mit ein paar erfindungsreichen Ingenieuren und Sportlern in unserem Unternehmen. Sie entwickelten das GORE-TEX® Laminat, den ersten wasserdichten und gleichzeitig atmungsaktiven Funktionsstoff der Welt.

Dann im Jahr 1997 waren wir ein weiteres Mal die Ersten, die erkannten, wie man GORE Materialien zur Steigerung der Leistungsfähigkeit - diesmal von Läufern - erfolgreich einsetzen kann. Wir entwickelten eine kleine Kollektion und gaben damit den Startschuss für GORE RUNNING WEAR®. Die Mischung aus Wissbegierde und Leidenschaft für den Bedarf des Läufers hat die erfolgreiche Entwicklung unserer Head-To-Toe und Skin-To-Shell Konzepte ebenso positiv beeinflusst wie unser tiefstes Interesse an Wetterschutz und Temperaturmanagement. In diesem Sinne ist das GORE RUNNING WEAR® Outfit System eine logische Konsequenz aus unserer Geschichte. Auf den nächsten Seiten erfährst Du, wie die Outfit System-Idee in Bezug auf ihre Leistungsfähigkeit und ihren Nutzen eben mehr ist als nur die Summe ihrer einzelnen Teile.

GORE RUNNING WEAR® fabric technologies

When we develop and engineer best-in-class cycling products for high performance sportsmen and woman in action we chose the innovations from the GORE-TEX® and WINDSTOPPER® product ranges. Still, to get a perfect Outfit System we need to integrate other fabrics as well. We have named these hand selected fabrics GORE® Selected fabrics.

GORE-TEX® PRODUCTS - PRODUCT CLASSES

GORE-TEX® Active

Weather Conditions: cool, mixed weather

High aerobic activity level done in a day

Breathability **+++++**

Ruggedness **++**

DURABLY
WATER PROOF | WIND PROOF

Membrane Technology

Outer fabric
GORE-TEX® membrane integrated in the lining
Lining

GORE® SELECTED FABRICS

GORE® Selected fabrics

When not using GORE-TEX® or WINDSTOPPER® laminates we only select and place fabrics that perfectly match our high quality philosophy. All put together for the best end user feel, fit and performance, and always related to the runner in motion. We have named these carefully hand selected textiles GORE® Selected fabrics.

WINDSTOPPER® PRODUCTS - PRODUCT CLASSES

ACTIVE SHELLS

The lightest, most packable products, offering total windproofness, maximum breathability and water resistance. WINDSTOPPER® Active Shells 2L keep you comfortable for enhanced performance during highly aerobic activities.

- **LIGHTWEIGHT FABRICS:** Allows excessive body heat to escape efficiently.
- **PACKABLE:** Compresses and stores easily when not in use.
- **WATER RESISTANT:** Sheds rain, snow and dries quickly.

Total Windproofness:

Protects your body's warmth from the chilling effects of wind and weather.

Maximum Breathability:

Prevents overheating and perspiration build-up by allowing moisture vapor to easily escape.

Snow, water resistant

Lightweight fabric

WINDSTOPPER® membrane

Lining

SOFT SHELLS

Offers total windproofness with maximum breathability, combining the comfort of a soft mid-layer and the water resistance of a shell in one garment. WINDSTOPPER® Soft Shells keep you comfortable with the freedom of movement you need for enhanced performance in a wide range of activities and weather conditions.

- **ACTIVE FIT:** Offers soft comfort with freedom of movement.
- **VERSATILE:** Delivers comfort as a mid or outer layer.
- **WATER RESISTANT:** Sheds rain, snow and dries quickly.

Total Windproofness:

Protects your body's warmth from the chilling effects of wind and weather.

Maximum Breathability:

Prevents overheating and perspiration build-up by allowing moisture vapor to easily escape.

Snow, water resistant

Soft shell

WINDSTOPPER® membrane

Warm, soft inner layer

MAXIMUM BREATHABILITY

WINDSTOPPER® products:

- offer maximum breathability
- avoid moisture accumulation
- enhance your comfort and performance whilst active outdoors

TOTAL WINDPROTECTION

Without the WINDSTOPPER® membrane:

The blue areas show that this fabric cannot withstand wind. Although outside temperature remains the same, you will quickly start to feel cold. This is the windchill effect.

With the WINDSTOPPER® membrane:

The red areas show that the WINDSTOPPER® can block the wind. You remain comfortable and warm and can maintain your level of physical activity.

How to select your optimal GORE RUNNING WEAR® Outfit System

The thinking behind GORE RUNNING WEAR® Outfit Systems technology is based on several crucial performance enhancing factors. The runner and his or her needs, the weather conditions and the technology within a specific system delivering best function, fit, design and performance for that particular runner.

1. THE RUNNER

You start with the basics: Man, woman, road or trail running?

1. DER LÄUFER

Wir beginnen mit den ersten grundlegenden Fragen: Mann oder Frau? Trail oder Straßen Läufer?

2. DIE LEISTUNGSFÄHIGKEIT DES LÄUFERS

Trail und Straßen Running unterteilen wir in drei Stufen

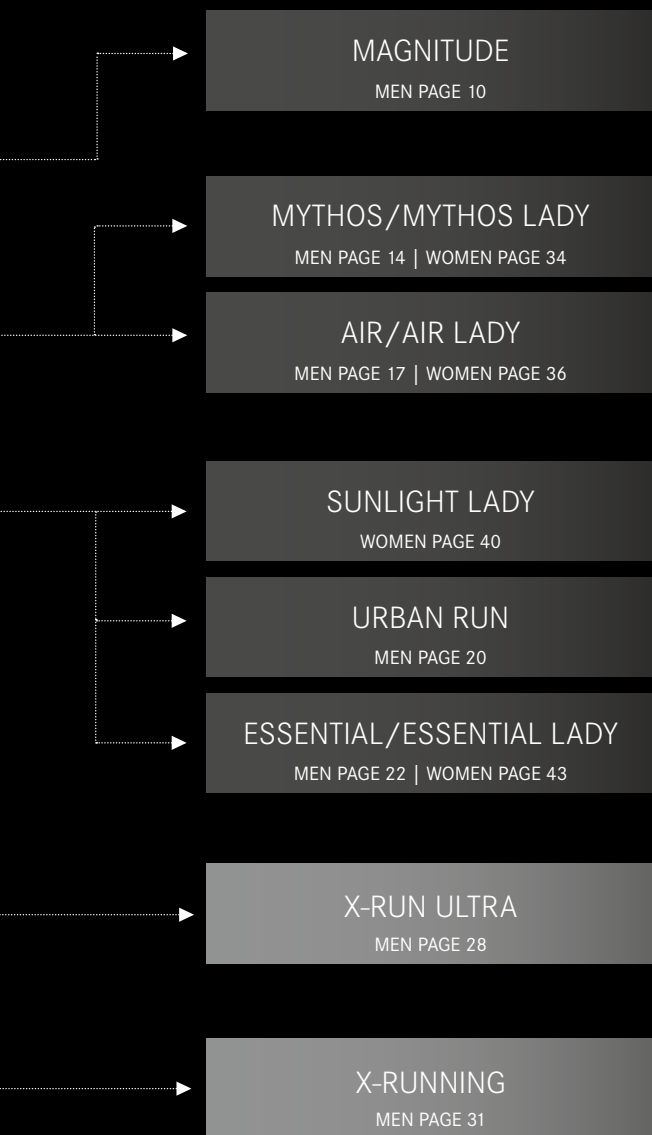

- Die PERFORMANCE Linie ist gemacht für den leidenschaftlichen, fordernden Läufer. Die Outfit Systeme bieten die aktuellsten Innovationen sowie Funktionsstoffe auf dem neuesten Stand der Technologie.
- Die AMBITIOUS Linie ist gemacht für den ambitionierten Läufer mit hoher Erwartungshaltung. Die Outfit Systeme bieten höchste Qualität mit sehr haltbaren, klassischen “Best-In-Class” Funktionsstoffen.
- Die FITNESS Linie ist gemacht für den Fitness Läufer. Die Outfit Systeme bieten High-Tech, “Best-In-Class” Funktionsstoffe.

Wie wähle ich mein optimales GORE RUNNING WEAR® Outfit System?

Die Idee hinter der GORE RUNNING WEAR® Outfit System Technologie basiert auf einigen sehr wichtigen Faktoren, die unmittelbar Auswirkung auf die Leistungsfähigkeit des Systems haben: Dem konkreten Bedarf des einzelnen Läufers oder der Läuferin und den Wetterbedingungen. Und der Technologie innerhalb eines spezifischen Systems, das darin optimale Funktion, Passform, Design und Leistung bietet.

3. THE PRODUCT FAMILY OF YOUR CHOICE

We have eight running families, in total. The high performance trail runner has the X-RUN ULTRA family. Whilst the devoted fitness urban runner chooses ESSENTIAL.

3. DIE PRODUKTFAMILIE DEINER WAHL

Wir bieten insgesamt acht Running Familien. Für den stark leistungsorientierte Läufer bieten wir die X-RUN ULTRA Familie an. Während der ambitionierte Fitness-Läufer ESSENTIAL wählt.

4. FOUR SEASONS, FOUR SYSTEMS

A passionate road runner might go for MYTHOS. This system is available in HOT, WARM, COOL and COLD ranges engineered to work perfectly together in a specific weather condition.

4. VIER JAHRESZEITEN, VIER SYSTEME

Für den begeisterten Straßen Läufer ist möglicherweise MYTHOS die richtige Wahl. Dieses System ist verfügbar in einer Auswahl für COLD, COOL, WARM and HOT. Jede Auswahl wurde entsprechend entwickelt, um in einer spezifischen Wettersituation optimal im System-Zusammenspiel zu funktionieren.

WET

COLD, COOL, WARM and HOT Systems can all be supplemented with a WET version for rain and damp conditions.

NASS

COLD, COOL, WARM and HOT Systeme können jeweils mit einer WET Version für Regen und feuchte Bedingungen kombiniert werden.

MAGNITUDE | Men

For the devoted, race-oriented long distance runner who runs and trains in all weather conditions. MAGNITUDE is designed and engineered with best-in-class high-tech fabrics. Key features: extreme lightweight, high ventilation, best movement flexibility, tight or slim fit and compression elements.

Für den wettbewerbsorientierten Langstreckenläufer, der in allen Wetterbedingungen läuft und trainiert. MAGNITUDE ist entwickelt und designed mit “Best-In-Class” High-Tech Funktionsstoffen. Wichtigste Eigenschaften: Extrem leichtes Gewicht, hohe Ventilation, beste Bewegungsfreiheit, enge und körpernahe Passform und Kompressions-Elemente.

URBAN RUN | Men

The URBAN RUN line is about being the leader, both in performance and fashion. It is specially designed for the kings of the urban jungle. From life in the fast lane to chilling out on the street corner to catching admiring glances from passers-by. We take high-tech WINDSTOPPER® materials and latest GORE® Selected fabrics and blend in a good dose of street cred. The result is a collection that has premium GORE RUNNING WEAR® functionality combined with a cool, loose cut, ready to run the hippest streets of the world's capitals.

Die URBAN RUN Linie macht sich stark als die neue Kraft in Performance und Mode. Designed wurde sie speziell für den Dschungel der Großstadt. Vom Leben auf der Überholspur bis hin zum Chill-Out an der Straßenecke: Man wird immer die bewundernden Blicke der Passanten auf sich ziehen.

Wir nehmen Hightech WINDSTOPPER® Materialien und neueste GORE® Selected fabrics und mischen das Ganze mit einer guten Dosis Street Credibility. Das Ergebnis: Eine Kollektion, die höchste GORE RUNNING WEAR® Funktion mit einem coolen, lässigen Schnitt kombiniert. Allzeit bereit, sich auf den angesagtesten Straßen der urbanen Zentren dieser Welt zu zeigen.

ESSENTIAL BASE LAYER | Men/Women

BASE LAYER products are the first layer of the GORE RUNNING WEAR® Outfit Systems. The selection of Polypropylene and WINDSTOPPER® fabrics provide you with outstanding performance and comfort all year round. The products are divided into three categories that reflect outside conditions.

BASE LAYER Produkte sind die erste Schicht des GORE RUNNING WEAR® Outfit Systems. Die Kombination aus Polypropylen- und WINDSTOPPER® Funktionsstoffen bietet außergewöhnlichen Tragekomfort für das ganze Jahr. Diese Produkte sind unterteilt in drei Kategorien, die jeweils die äußeren Bedingungen widerspiegeln.

For cold, windy days, the brushed fabric insulation and windproof front areas provides you with extra warmth and comfort.
Für kalte, windige Tage. Angerautes Polypropylen und Windschutz im Frontbereich sorgen für extra Wärme und Komfort.

For cool, windy days, the lightweight fabric with windproof front areas keeps you warm and dry.
Für kühle, windige Tage. Leichtes Polypropylen mit Windschutz im Frontbereich hält warm und trocken.

For all year round, the lightweight fabric keeps you dry and comfortable.
Universell für jeden Tag im Jahr. Leichtes Polypropylen hält trocken und sorgt für hohen Tragekomfort.

Logos and product illustrations

Everything you could possibly need. Simply take a look on the Internet. Do you need to get your hands on a GORE RUNNING WEAR® brand logo or a product illustration quickly for your decoration or advertising? Give us a call on our Freephone order hotline: 00800-4673 26 67 and you will receive immediate access to our online database.

Logos und Produktabbildungen

Alles, was Sie brauchen. Einfach im Internet. Sie benötigen schnell ein Logo der Marke GORE RUNNING WEAR® oder eine Produktabbildung für eigene Deko- oder Werbemaßnahmen? Kontaktieren Sie unsere kostenlose Order-Hotline unter 00800-4673 26 67 und Sie erhalten umgehend Zugriff auf unsere Online-Datenbank.

Our new and enhanced online shop

Our online shop offers the possibility to all registered partners of GORE RUNNING WEAR® to place immediate orders independently from the office opening times.

Experience some new features and benefits very soon, making your daily business easier:

Faster transactions through higher speed. Better orientation through new layout. Optimized ordering process through simpler and faster navigation. Improved availability information through inventory updates every 15 minutes. Simple and fast ordering through: 24/7 access, 365 days a Year.

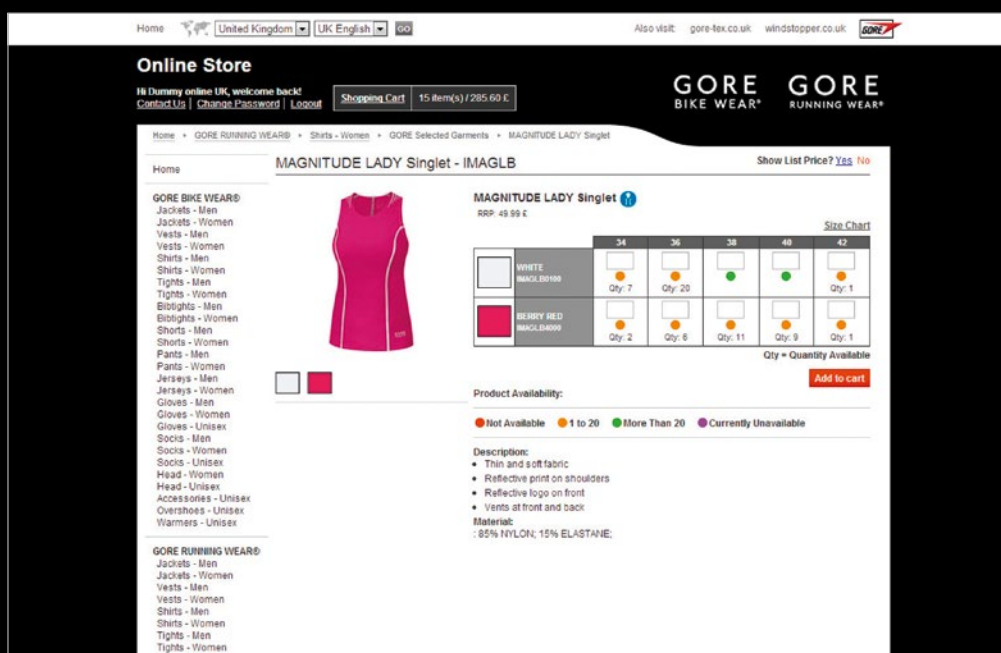

Shops available in English, French, Italian and Spanish language.

Unser neuer und verbesserter Online-Shop

Unser Online Bestellsystem bietet allen registrierten Partnern von GORE RUNNING WEAR® die Möglichkeit, Bestellungen unabhängig von den Öffnungszeiten zu platzieren.

Unser neuer Online-Shop bietet folgende Vorteile und Verbesserungen, die Ihre Arbeit demnächst noch einfacher machen wird.

Schnellerer Zugriff durch höhere Verarbeitungsgeschwindigkeit. Bessere Orientierung durch eine geänderte Oberfläche. Optimierter Bestellvorgang durch einfachere und schnellere Navigation. Verbesserte Information zur Warenverfügbarkeit durch 15minütige Aktualisierung. Und natürlich unkompliziertes und einfaches bestellen, auch samstags oder außerhalb der regulären Geschäftszeiten: 365 Tage im Jahr, 24 Stunden am Tag.

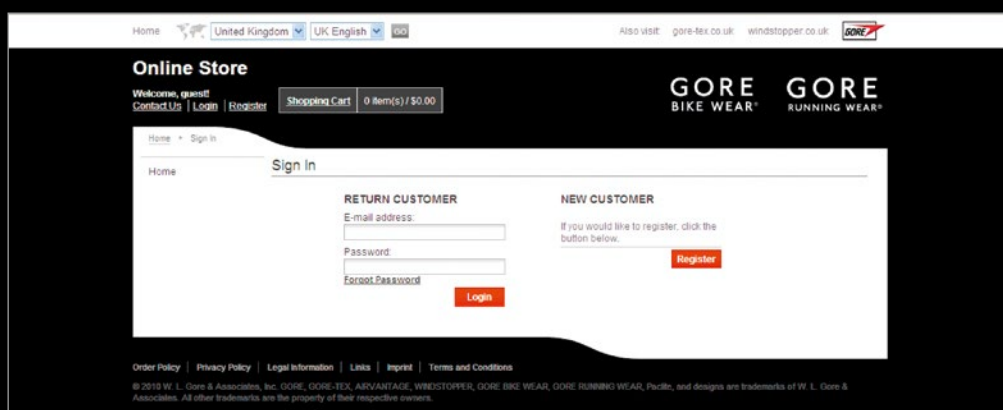

How to register for the newly enhanced Online Shop!

As GORE RUNNING WEAR® retailer you have the possibility to register online by simply visiting www.GoreApparel.com/retailer and clicking on the "Register" button. Enter your name, email and other information to request an account. Within one business day your account will be reviewed by a Gore Customer Service Representative. After your account has been reviewed, you will receive an email with your account confirmation.

Wie kann ich mich für den Online Shop registrieren?

Als GORE RUNNING WEAR® Händler haben die Möglichkeit sich online zu registrieren. Besuchen Sie hierzu einfach unseren Online Shop unter: www.GoreApparel.com/retailer und klicken Sie auf die „Registrieren“ Schaltfläche. Bitte geben Sie dort Ihren Namen, Ihre e-mail-Adresse und weitere Informationen an, um ein Online-Konto für unseren Online Shop zu beantragen. Ihre Anfrage wird innerhalb eines Werk-tages von einem Customer Service Mitarbeiter bearbeitet. Nachdem Ihre Daten von uns überprüft wurden, bekommen Sie per E-Mail die Zugangsdaten für Ihr Online-Konto zugestellt.

A close-up photograph of a blue fabric, likely a running shirt, covered in numerous water droplets. The fabric has a visible seam running diagonally across the upper half. Embossed in a light, metallic-looking color on the fabric is the text 'GORE RUNNING WEAR'. The word 'GORE' is in large, bold, capital letters, while 'RUNNING WEAR' is in smaller, all-caps letters below it.

PRODUCT DESCRIPTIONS

Fall/Winter 2015-2016

ENGLISH

GORE
RUNNING WEAR®

MAGNITUDE SO COMP Shirt **SWMAGN** page 10

Support and flexibility. Innovative compression shirt with WINDSTOPPER® Soft Shell for performance runners. Sets a new standard in tight fit, body shaping and wind-proof protection.

Highly functional material mix • 2 side mesh pockets • Zip pocket on back • Off-center zip • Sleeve hem with thumbhole • Close fit collar • Reflective print on sleeves, sides, and back • Reflective logo on front

MAIN FABRIC: 87% POLYESTER, 13% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER, INSERT: 78% POLYAMIDE, 22% ELASTANE, LINING: 85% POLYESTER, 15% ELASTANE, MESH: 94% POLYAMIDE, 6% ELASTANE

MAGNITUDE SO Zip-Off Shirt **SWMAGT** page 10

Versatility. WINDSTOPPER® Soft Shell running shirt for the performance runner in extended training runs with changing temperatures. Excellent next to skin comfort. Detachable sleeves and lots of storage space.

Highly functional material mix • Mesh inserts for ventilation under arms • Full length zip with semi-lock slider • Detachable raglan sleeves • Close fit collar • Zip-port on collar • Media pocket with cable outlet and cable guidance at collar • 3-compartment patch pockets on back • Reflective print on back • Reflective print on sleeves • Reflective logo on front

SHELL: 87% POLYESTER, 13% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER, STRETCH FABRIC: 95% POLYAMIDE, 5% ELASTANE

MAGNITUDE SO COMP Tights **TWMAGC** page 10

New standard for fit and support. Innovative compression tights with WINDSTOPPER® Soft Shell for performance runners. Provides breathability, muscle support and reduced muscle vibration.

Highly functional material mix • 2 side pockets on back • Zip pocket on back • Elastic hem • Reflective print on front • Reflective logo on side

MAIN FABRIC: 87% POLYESTER, 13% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER, STRETCH FABRIC: 78% POLYAMIDE, 22% ELASTANE

MAGNITUDE AS Jacket **JWMAGN** page 10

Possibly the lightest Active Shell on the market: two-layer WINDSTOPPER® Active Shell with an airy mesh back for the perfect symbiosis of protection and comfort.

Highly functional material mix • Stretch inserts for optimum freedom of movement • Extremely light mesh lining • Mesh insert in back for optimum ventilation • Media pocket with cable outlet and cable guidance at collar • Full length zip with semi-lock slider • Zip-underflap and zip-port • Flat-lock seams • Shifted seams for less chafing • Reflective piping on back • Large reflective graphic on side • Reflective logo on front and back

SHELL: 100% POLYAMIDE, WINDSTOPPER® MEMBRANE, INSERT: 95% POLYAMIDE, 5% ELASTANE, MESH -1: 93% POLYAMIDE, 7% ELASTANE, MESH -2: 100% POLYAMIDE, LINING: 100% POLYESTER

MAGNITUDE 2.0 AS Vest **VMAGNU** page 11

Challenge 42,195 km. A new interpretation of a vest. Partially windproof fabrics enhance your performance and can be worn next to the skin.

4 small pockets on front • Mesh lining • Mesh insert in back for optimum ventilation • Front zip with semi-lock slider • Zip-underflap and zip-port • Minimized seams for less chafing • Abrasion resistant binding on armhole • Reflective print on sides • Reflective logo on front and back

SHELL: 100% POLYAMIDE, WINDSTOPPER® MEMBRANE, MESH: 94% POLYAMIDE, 6% ELASTANE, LINING: 100% POLYAMIDE

MAGNITUDE 2.0 Zip Shirt **SMAGZS** page 11

For endurance runners. Performance-oriented running shirt with mesh inserts, best moisture management and 3/4 front-zip. Backpack suitable with two additional pockets for sports nutrition.

2 side pockets on back • Media pocket with cable outlet and cable guidance at collar • Short zip with semi-lock slider and underflap • Mesh inserts for better ventilation • Flat-lock seams • Reflective logo on front • Reflective graphics on back

MAIN FABRIC: 95% POLYAMIDE, 5% ELASTANE, MESH: 100% POLYESTER

MAGNITUDE COMP Zip Shirt **SCOMAG** **page 11**

Form-fitting, innovative compression short sleeve shirt for muscle support and reduced muscle vibrations. 3/4 zip for optimum ventilation and two back pockets for nutrition packs.

2 side pockets on back • 3/4 length zip • Close fit collar • Gripper elastic on bottom hem • Reflective logo on front • Reflective print on back • Reflective print on sleeves

MAIN FABRIC: 85% POLYAMIDE, 15% ELASTANE

MAGNITUDE COMP Shirt long **SMAGNZ** **page 11**

Support and moisture management. The compression shirt for performance runners gives the muscles support and reduces vibration. Compact fit and perfect shape on the upper body without restriction. Two back pockets for nutrition packs.

Highly functional material mix • 2 side pockets on back • Reflective print on sleeves • Reflective print on back • Reflective logo on front

MAIN FABRIC: 78% POLYAMIDE, 22% ELASTANE, INSERT: 85% POLYAMIDE, 15% ELASTANE

MAGNITUDE COMP Tights **TMAGNA** **page 11**

Perfectly in shape. Compression tights for performance runners with muscle support and vibration reduction. Mesh-inserts add for ventilation. Two back pockets for nutrition packs.

Highly functional material mix • 2 side pockets on back • Small inside key pocket on waistband • Adjustable elastic waistband with flat cord • Elastic hem • Reflective print on front • Reflective logo on side

MAIN FABRIC: 78% NYLON, 22% ELASTANE, INSERT: 85% NYLON, 15% ELASTANE

MAGNITUDE Tights 3/4 **TMAGDV** **page 11**

Supports and stabilizes: the contours of the tights are cut according to the muscle cords so that the slim fit provides support without hindering flexibility.

Zip pocket on back • Contrast flat-lock seams • Adjustable elastic waistband with flat cord • Inseam length 48 cm / 19 inches • Elastic hem • Reflective print on side • Reflective logo on back

MAIN FABRIC: 78% POLYAMIDE, 22% ELASTANE, INSERT: 92% POLYAMIDE, 8% ELASTANE

MAGNITUDE WS Beany **HEMAGB** **page 12**

Comfort comes first: this running hat, for ambitious runners, is made of quick-drying push-pull material to ensure the head stays warm and dry.

Windproof forehead protection with elastic WINDSTOPPER® Soft Shell • Push-pull construction • Contrast flat-lock seams • Reflective logo on front • Reflective print on sides

FRONT: 92% POLYESTER, 8% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 92% POLYESTER, 8% ELASTANE, TOP: 92% POLYAMIDE, 8% ELASTANE

MAGNITUDE WS Headband **AWMAGN** **page 12**

Barely noticable stretchy and soft WINDSTOPPER® Soft Shell material on ears and forehead. Fully protects you from wind and cold.

Windproof forehead protection with elastic WINDSTOPPER® Soft Shell • Push-pull construction • Contrast flat-lock seams • Reflective logo on front • Reflective print on sides

FRONT: 92% POLYESTER, 8% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 92% POLYESTER, 8% ELASTANE, BACK: 92% POLYAMIDE, 8% ELASTANE

MAGNITUDE WS Tube Beany **HEMAGT** **page 12**

2 in 1 head or neck warmer. Quickly turns from a beany into a headband or scarf. Windproof in ears and forehead area thanks to WINDSTOPPER® Soft Shell.

WINDSTOPPER® Liner at forehead and ears • Thermo-stretch functional fabric • Top width adjustable by cord stopper • Can be used as cap or a scarf • Reflective piping on back • Reflective logo

TOP: 87% POLYAMIDE, 13% ELASTANE, HEADBAND: 100% POLYESTER, WINDSTOPPER® MEMBRANE, SHELL INSIDE

MAGNITUDE WS Gloves **GWMAGN** **page 12**

Banish the cold: with these WINDSTOPPER® gloves, this is an easy feat. Optimum warmth, yet breathable for perfect temperature regulation once you get going.

Absorbent material on thumb for wiping away perspiration • Silicone-coated palm for better grip • Silicone coated fingers • Thermo-stretch-functional fabric on palm • Reflective logo

BACKHAND: 92% POLYESTER, 8% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 92% POLYESTER, 8% ELASTANE, PALM: 85% POLYAMIDE, 15% ELASTANE

MAGNITUDE Beany **HEMAGY** **page 12**

Comfort comes first: this running hat, for ambitious runners, is made of quick-drying push-pull material to ensure the head stays warm and dry.

Push-pull inner side • Reflective logo on front • Reflective print on back

TOP: 92% POLYAMIDE, 8% ELASTANE, HEADBAND: 85% POLYAMIDE, 15% ELASTANE

MAGNITUDE Headband **AEMAGH** **page 12**

Minimum protection with maximum comfort: perfect for when a headband does the trick. Thin, light, compact and quick-drying.

Push-pull inner side • Flat-lock seams • Reflective logo on forehead

MAIN FABRIC: 85% POLYAMIDE, 15% ELASTANE

MAGNITUDE Arm Warmers **APULSI** **page 13**

Extra protection: they protect against the cold on cool days or the sun on warm days. They can be put on or taken off while running and guarantee great moisture management.

Push-pull inner side • Mesh inserts for ventilation on arm-bends • Reflective transfer print to mark right and left • Gripper elastic on top edge • Reflective logo on side

MAIN FABRIC: 92% POLYAMIDE, 8% ELASTANE

MAGNITUDE Socks **FEMAGS** **page 13**

Up to date. Short, lightweight and thin endurance running socks. Ideally worn in lightweight competition shoes.

Anti-stress cuff in Lycra® • Whole elastic structure in Tactel® + Lycra® light mesh for maximum foot comfort and perfect fit • Super-flat zero-friction seam double-looped inside and outside • Light, anatomical multi-contact padding support • Left and right anatomical structure • Ventilation zone under the toes and longitudinal channels along the foot • Top layer protection with mesh

67% POLYAMIDE, 33% ELASTANE

MAGNITUDE Compression Socks FEMAGN page 13

Endurance runner. These compressive running knee socks help to reduce muscle vibrations and reduce heavy legs during endurance runs.

Anti-stress cuff in Lycra® • Achille's tendon back protection • Elastic insert at instep minimizes pressure from shoelaces • Super-flat zero-friction seam double-looped inside and outside • Longitudinal protective padding for tibial tendons • Left and right anatomical structure with Coolmax® padding

20% POLYESTER, 40% POLYAMIDE, 40% ELASTANE

MYTHOS 2.0 GT AS Jacket JGMYTM page 14

Top gear against the rain. Run all year long in this waterproof and extremely breathable GORE-TEX® Active jacket. It boasts many reflective details to improve your visibility in low lighted conditions.

Adjustable collar with easy-to-operate cord stopper for one-handed use • Velcro fastening for separate hood • Pre-shaped elbows • Adjustable cuff • 2 front zip pockets • Integrated security pocket on right • Front zip with semi-lock slider • Zip-underflap and zip-port • Hem width can be adjusted using just one hand thanks to cord stoppers in pockets • Reflective logo on front and back • Reflective print on front and back • Reflective print on sleeves • Reflective print on shoulders

SHELL OUTSIDE: 100% POLYESTER, GORE-TEX® MEMBRANE, SHELL INSIDE: 100% POLYESTER

MYTHOS 2.0 WS SO Jacket JWSMYM page 14

Best seller with top features. A versatile, soft and lightweight WINDSTOPPER® Soft Shell jacket with a special double-collar and cuff construction protects against cold-gaps and comes with a variety of visibility details.

Fleece-lined, close fit high collar • 2 front zip pockets • Zipper with reflective detail • Front media pocket with cable outlet • Hem width can be adjusted using just one hand thanks to cord stoppers in pockets • Reflective logo on front and back • Reflective print on shoulders • Reflective print on sleeves • Reflective print on back • Reflective insert on back

MAIN FABRIC: 100% POLYESTER, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER, CUFF: 86% POLYAMIDE, 14% ELASTANE

MYTHOS 2.0 WS SO ZO Li Jacket JWMYLM page 14

More than just a running jacket. This is a jacket, a short-sleeve shirt and a vest all in one. The versatile and very lightweight WINDSTOPPER® Soft Shell is made for the ambitious runner. It comes with a variety of visibility details.

Fleece-lined, close fit high collar • Front zip with semi-lock slider • 2 front zip pockets • 2-compartment patch pockets on back • Zipper with reflective detail • Front media pocket with cable outlet • Detachable raglan sleeves • Reflective logo on front and back • Reflective print on sleeves • Reflective print on front • Reflective print on hem

MAIN FABRIC: 87% POLYESTER, 13% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER, STRETCH FABRIC: 85% POLYAMIDE, 15% ELASTANE

MYTHOS 2.0 WS SO Light Vest VWMYLM page 14

Run easily. A lightweight WINDSTOPPER® Soft Shell vest is built for the ambitious runner and designed with a slim fit. Many reflective details guarantee visibility in low light conditions.

Zip with semi-lock slider • Zip-underflap • Fleece-lined, close fit high collar • 2 front zip pockets • Zipper with reflective detail • Reflective print on shoulders • Reflective print on sides • Reflective logo on front and back

SHELL OUTSIDE: 100% POLYESTER, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER

MYTHOS 2.0 WS SO Tights TWSMYM page 15

Maintain flexibility. WINDSTOPPER® Soft Shell running tights, with a soft napped inner side and high stretchability at the hem and knee, provide optimum freedom of movement and a host of visibility details.

Highly functional material mix • Adjustable elastic waistband with flat cord • Zip pocket on back • Tight bottom leg to be closed by long zippers • Zipper with reflective detail • Reflective logo on front and back • Reflective print on sides • Reflective print on front

MAIN FABRIC: 92% POLYESTER, 8% ELASTANE, WINDSTOPPER® MEMBRANE, SHELL INSIDE: 92% POLYESTER, 8% ELASTANE, STRETCH FABRIC: 85% POLYAMIDE, 15% ELASTANE

MYTHOS 2.0 Thermo Shirt **SMYTTM** page 15

Winter running shirt. The smooth inner side keeps you warm when running in extremely cold weather. Wear under a jacket or alone in moderately cold conditions. Includes a variety of visibility details.
