Spring/Summer 2016

# INTO THE ELEMENTS

We believe that runners should be able to go out and follow their passion every day. Therefore, we create highly functional apparel for every environment, every season and every kind of weather. We allow them to head straight out into the elements.

## Our aim is to make the best apparel for runners, winning awards is just a bonus.

It's great that our work is getting a lot of recognition worldwide. It means that we aren't alone in thinking that running apparel should be comfortable in any weather. But the awards are not the reason we get up in the morning. Being runners ourselves we believe that intelligent functions and contemporary design add to the enjoyment of the sport. So we test excessively, obsess about details, go home late at night and the next day we do it all over again. It's the only way we know how. Even though it's hard work we never look back, we continue to explore, research and listen to feedback. Because our only goal is to make apparel we would want to wear ourselves. And we are very hard to please.

## GORE RUNNING WEAR® fabric technologies

When we develop and engineer best-in-class cycling products for high performance sportsmen and woman in action we chose the innovations from the GORE-TEX® and WINDSTOPPER® product ranges. Still, to get a perfect Outfit System we need to integrate other fabrics as well. We have named these hand selected fabrics GORE® Selected Fabrics.

### GORE-TEX® PRODUCTS - PRODUCT CLASSES

### GORE-TEX® **Active**

Weather Conditions: cool, mixed weather

High aerobic activity level done in a day

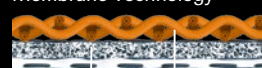

Breathability **+++++**

Ruggedness **++**

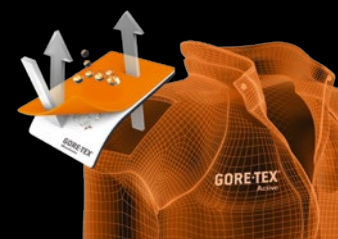

**DURABLY**  
**WATER PROOF | WIND PROOF**

Membrane Technology

Outer fabric  
GORE-TEX® membrane integrated in the lining  
Lining

### GORE® SELECTED FABRICS

#### GORE® Selected Fabrics

When not using GORE-TEX® or WINDSTOPPER® laminates we only select and place fabrics that perfectly match our high quality philosophy. All put together for the best end user feel, fit and performance, and always related to the runner in motion. We have named these carefully hand selected textiles GORE® Selected Fabrics.

## WINDSTOPPER® PRODUCTS - PRODUCT CLASSES

### ACTIVE SHELLS

The lightest, most packable products, offering total windproofness, maximum breathability and water resistance. WINDSTOPPER® Active Shells 2L keep you comfortable for enhanced performance during highly aerobic activities.

- **LIGHTWEIGHT FABRICS:** Allows excessive body heat to escape efficiently.
- **PACKABLE:** Compresses and stores easily when not in use.
- **WATER RESISTANT:** Sheds rain, snow and dries quickly.

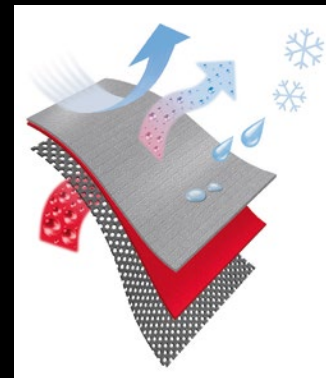

#### Total Windproofness:

Protects your body's warmth from the chilling effects of wind and weather.

#### Maximum Breathability:

Prevents overheating and perspiration build-up by allowing moisture vapor to easily escape.

Snow, water resistant

Lightweight fabric

WINDSTOPPER® membrane

Lining

### SOFT SHELLS

Offers total windproofness with maximum breathability, combining the comfort of a soft mid-layer and the water resistance of a shell in one garment. WINDSTOPPER® Soft Shells keep you comfortable with the freedom of movement you need for enhanced performance in a wide range of activities and weather conditions.

- **ACTIVE FIT:** Offers soft comfort with freedom of movement.
- **VERSATILE:** Delivers comfort as a mid or outer layer.
- **WATER RESISTANT:** Sheds rain, snow and dries quickly.

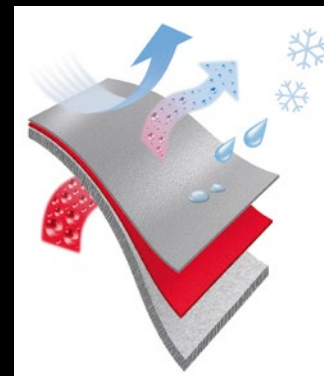

#### Total Windproofness:

Protects your body's warmth from the chilling effects of wind and weather.

#### Maximum Breathability:

Prevents overheating and perspiration build-up by allowing moisture vapor to easily escape.

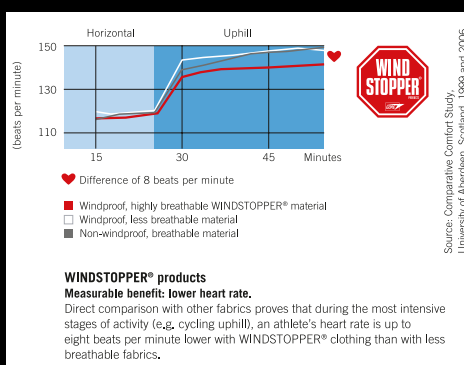

Snow, water resistant

Soft shell

WINDSTOPPER® membrane

Warm, soft inner layer

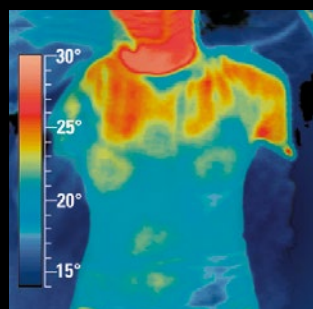

### MAXIMUM BREATHABILITY

#### WINDSTOPPER® products:

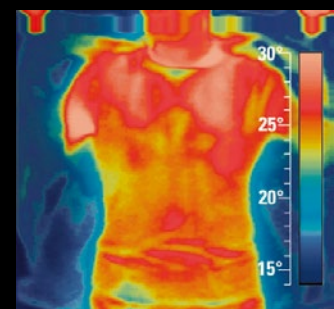

- offer maximum breathability
- avoid moisture accumulation
- enhance your comfort and performance whilst active outdoors

### TOTAL WINDPROTECTION

#### Without the WINDSTOPPER® membrane:

The blue areas show that this fabric cannot withstand wind. Although outside temperature remains the same, you will quickly start to feel cold. This is the windchill effect.

#### With the WINDSTOPPER® membrane:

The red areas show that the WINDSTOPPER® can block the wind. You remain comfortable and warm and can maintain your level of physical activity.

# ADDING COLOR

Running can be serious business but there's no reason not to add a little color to the experience. This season we have added Meadow Green and Giro Pink to our already shiny color palette. Allowing you to mix and match perfect combinations that help you shine in your personal way.

## GORE RUNNING WEAR® Collection overview

Our brand collection has been specially developed to meet the specific needs of today's runners. Innovative GORE-TEX® and WINDSTOPPER® technologies as well as a broad range of carefully selected technical fabrics deliver maximum comfort and protection in all weather conditions and all year round.

## FUSION | Men

With its FUSION line, GORE RUNNING WEAR® integrates expertise from marathons and ultra trail running. Minimal weight and extremely compact with maximum function – the shorts, shirts and jackets are designed for high-performance, long-distance runners. With WINDSTOPPER® and GORE-TEX® technologies and lightweight, ultra-functional materials, the FUSION line is ideal for training as well as competition in any weather.

## FUSION WS SO ZO Shirt

SWZULT

NEW

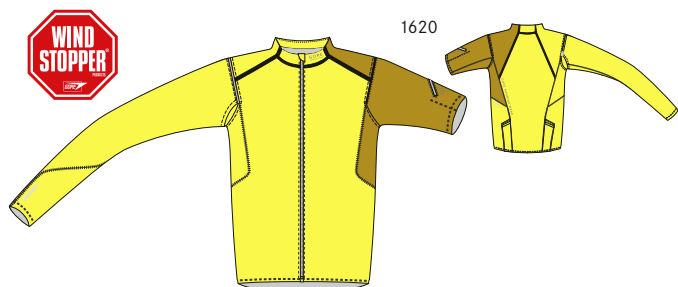

WINDSTOPPER® Soft Shell

S - XXL

This shirt breathes and allows a full range of motion for top comfort on long runs. The WINDSTOPPER® Soft Shell keeps out the wind and cold. The long sleeves zip-off to make short sleeves to accommodate all weather conditions.

Highly functional material mix • Less friction thanks to ultrasonic seams • Full length zip with semi-lock slider • Detachable sleeves • Close fit collar • Zip-underflap and zip-port • Media pocket on sleeve • 2 side pockets on back • Reflective details at front, back and side • Neon details on back

MAIN FABRIC: 87% POLYESTER, 13% ELASTANE WITH A WINDSTOPPER® MEMBRANE, SHELL INSIDE: 100% POLYESTER, STRETCH FABRIC: 95% POLYAMIDE, 5% ELASTANE, CALOU: 94% POLYAMIDE, 6% ELASTANE

## FUSION WS AS Jacket

JWULTR

NEW

WINDSTOPPER® Active Shell

S - XXL

This no-frills jacket provides protection on windy days with WINDSTOPPER® Active Shell Material, and it's so lightweight that it's hardly noticeable during runs. Fold up the jacket into the integrated breast pocket for easy storage and convenience on the go.

Front zip with semi-lock slider • Napoleon pocket with zip closure, usable as stow-away pocket • Zip tags for easy opening • Elastic hem • Close-fitting hood • Reflective details at front, back and side • Neon details on sleeves

MAIN FABRIC: 100% POLYAMIDE WITH A WINDSTOPPER® MEMBRANE

2099

6099

9199

## FUSION WS AS Pants

PWULTR

NEW

WINDSTOPPER® Active Shell

S - XXL

Made for committed runners who don't let bad weather stand in their way, these pants are ultra-lightweight and breathable thanks to WINDSTOPPER® Active Shell material. They roll up easily for compact transport and storage.

Adjustable waistband using easy-to-use elastic cord and cord stopper • Adjustable bottom leg width with zipper • Pre-shaped knees • Elastic hem • Back zipped stow pocket • Reflective details at front, back and side • Neon details on back

MAIN FABRIC: 100% POLYAMIDE WITH A WINDSTOPPER® MEMBRANE

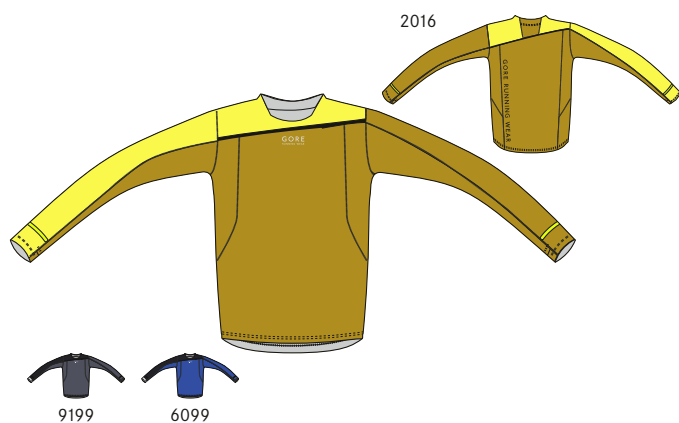

9900

## FUSION Shirt long

SLSULT

NEW

GORE® Selected Fabrics

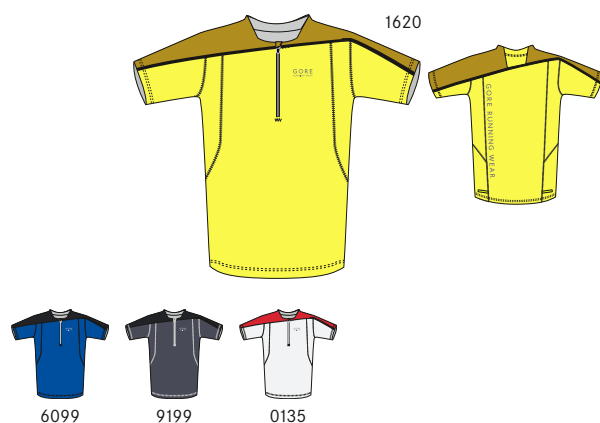

S - XXL

This long-sleeved shirt was developed especially for ultra trail and marathon runners. The materials are extremely breathable and lightweight. Super-flat, ultrasonic seams in the shoulder area prevent rubbing on the skin when running with a backpack.

Highly functional material mix • Neon details on sleeves • Shifted seams for less chafing • Sleeve hem with thumbhole • Reflective logo on front and back

MAIN FABRIC: 95% POLYAMIDE, 5% ELASTANE, INSERT: 85% POLYAMIDE, 15% ELASTANE

## FUSION Zip Shirt

SZSULT

NEW

GORE® Selected Fabrics

S - XXL

Created for ultimate comfort, this extremely lightweight and breathable shirt fits like a second skin. Performance-oriented long distance runners benefit from the ultrasonic seams, which prevent rubbing on the skin when wearing a backpack.

Highly functional material mix • Less friction thanks to ultrasonic seams • Shifted seams for less chafing • Front zip with semi-lock slider • Reflective logo on front and back • Neon details on back

MAIN FABRIC: 95% POLYAMIDE, 5% ELASTANE, SHOULDER AREA: 85% POLYAMIDE, 15% ELASTANE

## FUSION Shirt

SSSULT

NEW

GORE® Selected Fabrics

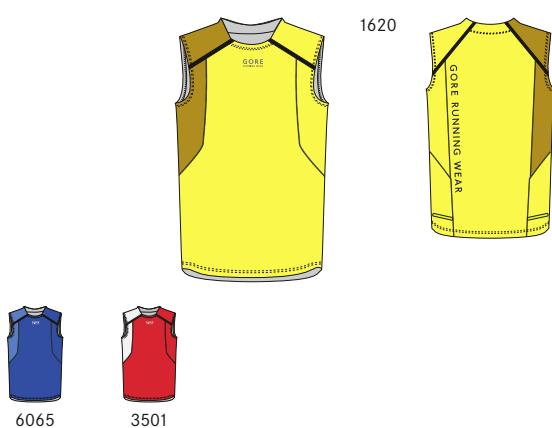

S - XXL

This ultra-lightweight shirt provides maximum comfort. Details like extra ventilation in the neck ensure adequate air circulation. Ideal for long runs, the ultrasonic seams in the shoulder area reduce skin friction when running with a backpack.

Highly functional material mix • Less friction thanks to ultrasonic seams • Shifted seams for less chafing • Reflective logo on front and back • Neon details on back

MAIN FABRIC: 85% POLYAMIDE, 15% ELASTANE

## FUSION Tank Top

IULTRA

NEW

GORE® Selected Fabrics

S - XXL

This ultra-lightweight and extremely breathable tank top enables top performance in marathons and ultra trail running. The innovative, ultrasonic seams reduce rubbing on the skin when wearing a backpack. The top is ideal for extreme athletes.

Highly functional material mix • Less friction thanks to ultrasonic seams • Shifted seams for less chafing • Reflective logo on front and back • Neon details on back

MAIN FABRIC: 95% POLYAMIDE, 5% ELASTANE, SHOULDER AREA: 85% POLYAMIDE, 15% ELASTANE

## FUSION 2in1 Shorts

TSTULT

**NEW**

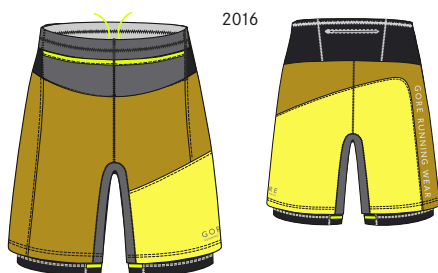

GORE® Selected Fabrics

S - XXL

**Based on years of experience, the design for these extremely lightweight shorts blend the perfect fit of tights with the look of shorts. Made with breathable materials, they offer extreme athletes optimal comfort on long distance runs.**

Highly functional material mix • Zip pocket on back • 2 front pockets • Fixed inner tights • Partial mesh inserts for better ventilation • Flat-lock seams • Adjustable elastic waistband with flat cord • Inseam length 25 cm / 10 inches • Reflective logo on side • Neon details on front

OUTER PANTS: 86% POLYESTER, 14% ELASTANE, INNER PANTS: 85% POLYAMIDE, 15% ELASTANE, INSERT: 77% POLYAMIDE, 23% ELASTANE

SLAIRP

NEW

GORE® Selected Fabrics		34 - 44
------------------------	--	---------

This print running shirt features a narrow cut and elegant collar. Ample ventilation strips and super soft, elastic materials ensure comfort on long runs. A rear pocket offers convenient storage, while high-visibility elements provide added safety.

Zip pocket on back • Flat-lock seams • Mesh inserts for better ventilation • Reflective print on back • Reflective logo on sleeve

MAIN FABRIC: 86% POLYAMIDE, 14% ELASTANE, MESH: 100% POLYESTER

ILAIRP

NEW

GORE® Selected Fabrics		34 - 44
------------------------	--	---------

This sleeveless print athletic shirt is ideal for dedicated runners. The soft material makes it extremely comfortable to wear, and the large mesh strips ensure optimal ventilation. A pocket on the backside provides handy storage space.

Back pocket • Flat-lock seams • Mesh inserts for better ventilation • Reflective print on back • Reflective logo on front

MAIN FABRIC: 86% POLYAMIDE, 14% ELASTANE, MESH: 94% POLYAMIDE, 6% ELASTANE

ILAIRL

GORE® Selected Fabrics		34 - 44
------------------------	--	---------

Sporty running singlet for ambitious runners. Thanks to its soft material it is very comfortable next to the skin. Large mesh inserts and a small back pocket complete the singlet.

Back pocket • Flat-lock seams • Mesh inserts for better ventilation • Reflective print on back • Reflective logo on front

MAIN FABRIC: 86% POLYAMIDE, 14% ELASTANE, MESH: 94% POLYAMIDE, 6% ELASTANE

ITAIRD

GORE® Selected Fabrics		34 - 44
------------------------	--	---------

Feminine cut tank top with a slightly longer tail. The built-in bra provides comfortable support and a perfect fit. The elaborate layering look and a minimized number of seams provide a loose but still body-shaping silhouette.

Back pocket • Integrated support bra with wide and soft rubber elastic • Flat-lock seams • Mesh inserts for better ventilation • Reflective print on back • Reflective logo on side

MAIN FABRIC: 86% POLYAMIDE, 14% ELASTANE, MESH -1: 100% POLYESTER, MESH -2: 94% POLYAMIDE, 6% ELASTANE

ESSENTIAL BASE LAYER | Men/Women

BASE LAYER products are the first layer of the GORE RUNNING WEAR® Outfit Systems. The selection of Polypropylene and WINDSTOPPER® fabrics provide you with outstanding performance and comfort all year round. The products are divided into three categories that reflect outside conditions.

For cold, windy days, the brushed fabric insulation and windproof front areas provides you with extra warmth and comfort.

For cool, windy days, the lightweight fabric with windproof front areas keeps you warm and dry.

For all year round, the lightweight fabric keeps you dry and comfortable.

## Our new GORE BIKE WEAR® and GORE RUNNING WEAR® BUSINESS PORTAL

Your one stop website for accessing the latest information about our brands and technologies, placing your immediate orders and accessing our image database and demo shop.

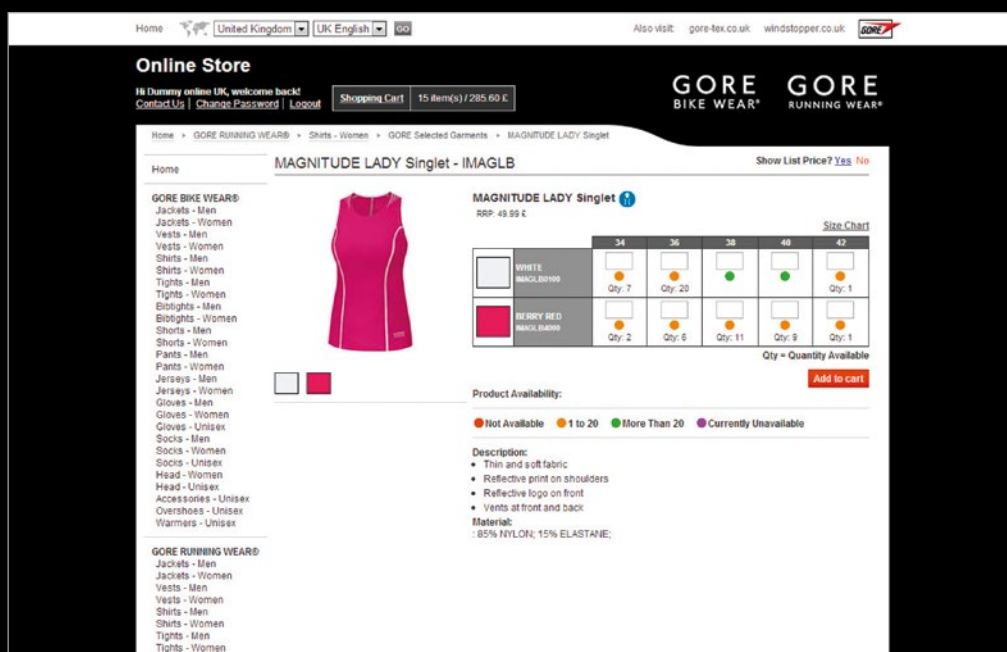

### ① B2B ONLINE SHOP

Our online shop offers the possibility to all registered partners of GORE RUNNING WEAR® to place immediate orders independently from the office opening times. Simple and fast ordering through: 24/7 access, 365 days a year. Shop available in English, German, French, Italian and Spanish language.

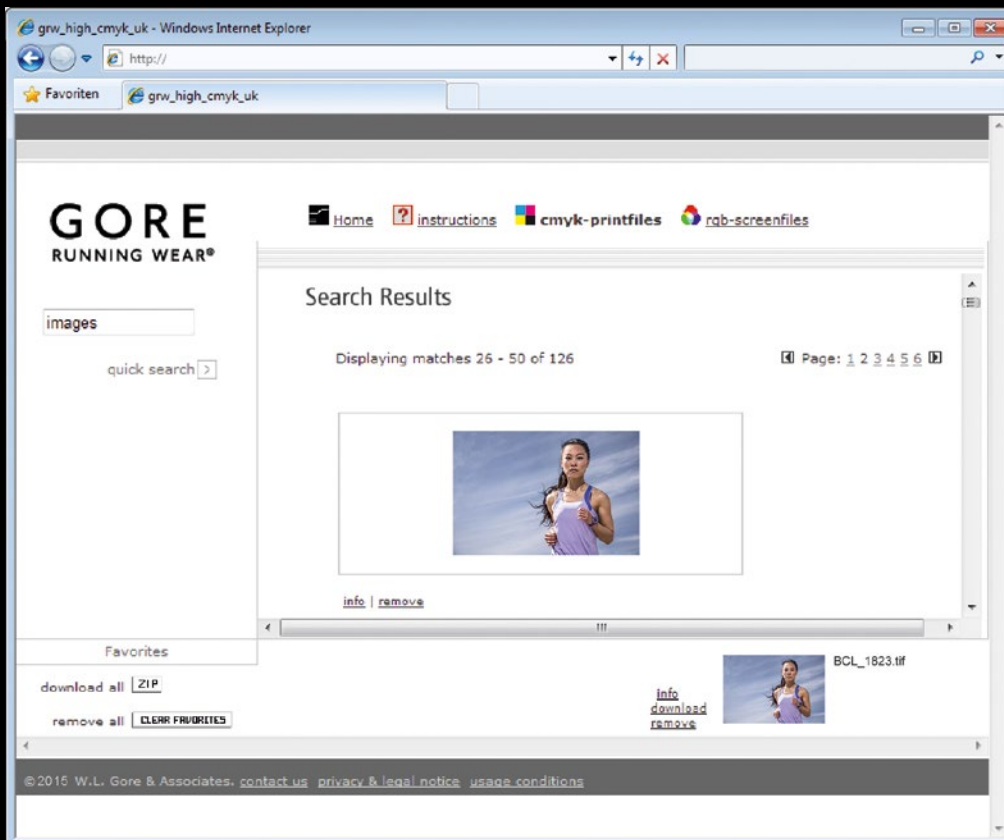

### How to register for the Online Shop

As GORE RUNNING WEAR® retailer you have the possibility to register online by simply visiting [www.GoreApparel.com/retailer](http://www.GoreApparel.com/retailer) and clicking on the "Register" button. Enter your name, email and other information to request an account. Within one business day your account will be reviewed by a Gore Customer Service Representative. After your account has been reviewed, you will receive an email with your account confirmation.

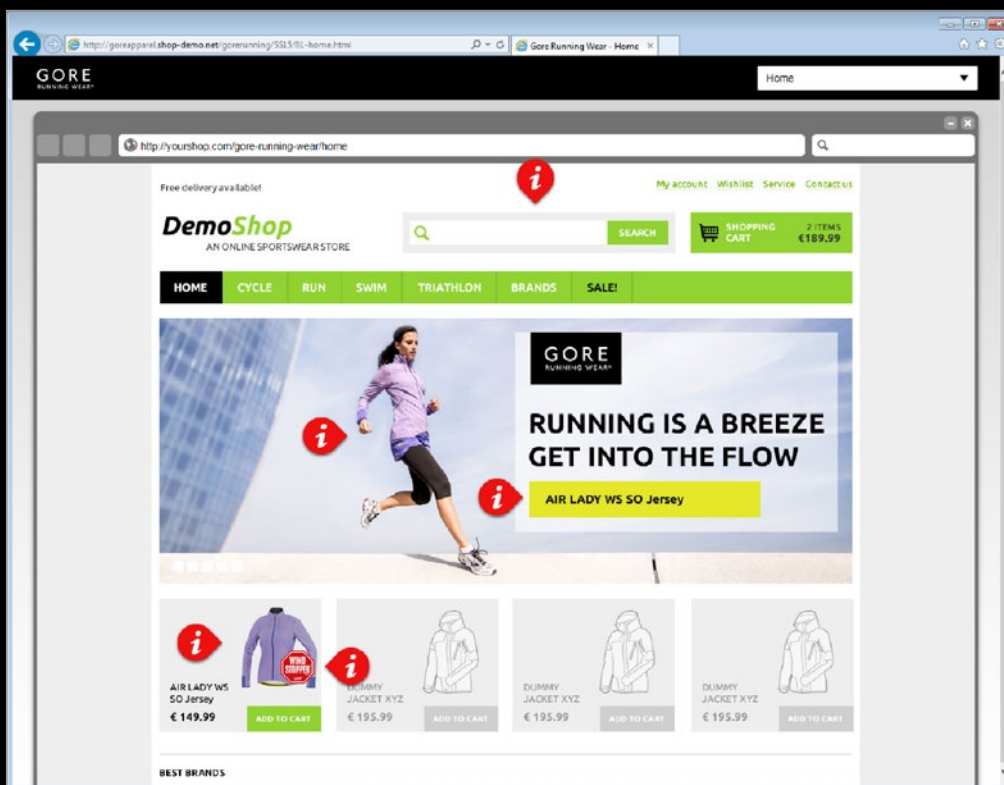

## ② IMAGE DATABASE

Everything you could possibly need. Do you need to get your hands on a GORE RUNNING WEAR® brand logo or a product illustration quickly for your decoration or advertising? Give us a call on our Freephone order hotline: 00800-4673 26 67 and you will receive immediate access to our image database.

## ③ DEMO SHOP

In our demo shop we provide recommendations and ideas about how our web elements could be used at different touch points on your website or online shop.
